

2025 FIA EDRC – NITROLYMPX – 28-31 AUG, HOCKENHEIMRING, DE

From The Stewards
To All Competitors
All concerned

Decision N°03
Date: 31 August 2025
Time: 18:39

The Stewards, having received a report from the Race Director (No 5), having examined the video Evidence, have considered the following matter, determine the following:

Category: FIA Pro Modified

Driver and car No: Jere Rantaniemi, Car No. 1

Competitor: Jere Rantaniemi

Time (fact): 18:22

Session: FIA Pro Modified finals

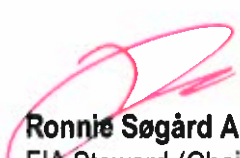

Fact: The driver crossed the middle boundary line during the run.

Offence: Breach of Article 11 of the Race Procedures for FIA Drag Racing 2025

Decision: The driver's run has been disallowed and the disallowed run for car 222, Marck Harteveld, due to false start will be reinstated thereby awarding the win to car 222 Marck Harteveld.

Reason: Having considered the matter extensively, the Stewards determined that the Driver did cross the middle boundary line during the run in breach with the Race Procedures for FIA Drag Racing 2025 and therefore the run must be disallowed.

Furthermore, in accordance with Art. 11 of the Race Procedures for FIA Drag Racing "Should a competitor receive a red-light, and the opposing competitor cross the lane boundary line, the latter infraction would prevail and the competitor committing the foul start would be reinstated."
